Case (1):- if you add special price starting date(from date) but you can not add end date(to date) during count-down label not show in front end side.

ex:

from date :- 2021-05-29 00:00:00
to date :-

this action during countdown label not show.

Case (2):- Case(1) is possible during you add from date is greater than current date this case in show countdown label in front end side.

Ex:

from date :- 2021-05-29 00:00:00
to date :- 2021-05-29 00:00:00
current date:- 2021-06-01 00:00:00 end

this action during show label on front side because (from date > current date)

Label Show Like :- **Sale Start After**

Case(3):- add to date is greater than current date this case in show countdown label in front end side.

Ex:

from date :- 2021-05-25 00:00:00
to date :- 2021-05-31 00:00:00
current date:- 2021-05-28 00:00:00 end

this action during show label on front side because (to date > current date)

label Show Like:- **Sale End After**
